

# Application of Heat Exchange Paint

## Metal Roof (D-42)

〈Merit〉

- Lowering room temperature
- Reducing cooling cost & CO2
- Protecting metal surface

## Water Shield Roof (D-42)

〈Merit〉

- Lowering room temperature
- Reducing cooling cost & CO2
- Protecting water-proofing surface

## Play Tool (D-42)

〈Merit〉

- Reducing temperature increase of tool surface
- Protecting metal surface

## Walk Way (D-47)

〈Merit〉

- Lowering the reflective heat from the ground
- Reducing temperature increase on the surface

## Play Ground (D-47)

〈Merit〉

- Lowering the reflective heat from the ground
- Reducing temperature increase on the surface

## Pool Deck (D-47)

〈Merit〉

- Lowering the reflective heat from the ground
- Reducing temperature increase on the surface

## Building Wall (D-47)

〈Merit〉

- Lowering room temperature
- Reducing cooling cost & CO2
- Avoiding dew inside the room

## House (D-47)

〈Merit〉

- Lowering room temperature
- Reducing cooling cost & CO2
- Avoiding dew inside the room

## Bridge (D-47)

〈Merit〉

- Avoid the surface get frozen
- Reducing amount of salt applied on surface
- Protecting concrete surface
